WHY SHOULD YOU WORK WITH US?

1,500+ builds over 10yrs.

Conceptualized, built and launched over 1,500 experiences across AR, gaming & more.

In-house team. No outsourcing.

We do not outsource anything, period. Full quality control as our in-house team works on strategy, ideation, design, 3D, development, and launch. No freelancers or part timers.

360 Campaign Approach.

Having launched hundreds of campaigns with different objectives, we also advise on what works, what doesn't and how to truly integrate a creative tech campaign with offline as well.

Platform knowledge & tech expertise.

Extensive platform knowledge + existing working relationships with all large social platforms. We're a technology heavy organization with deep tech and development expertise.

Serviceable Locations

Three primary markets where we are strong is Middle East/North Africa (MENA), South East Asia and India. But we've also executed a good number of campaigns in Europe and North America.

HOW DOES THIS WORK & WHAT NEXT?

- » Each of these ideas/concepts can be customized and built for your brand and based on your requirements.
- » We can come back with more ideas/concepts if you have a specific brief.
- » All AR filters have to be approved by the platform, which takes anywhere between 2-5 days.
- » Our team undertakes all the work from 3D design/modeling, to UI/UX design and tech/development work. We do not outsource anything, all work is done in house.

HOW DOES THIS WORK & WHAT NEXT?

- » Costs/timelines vary based on what idea/concept is picked.
- » We do not have any exclusivity with any brand/agency for any ideas.
- » Please respect the originality of the ideas and we request you not to copy our ideas/concepts.
- » Please visit our **website** to explore other innovative creative tech solutions like Web AR, Interactive Videos, WhatsApp Stickers and Messenger Chatbots.
