alivenow.in

- > Reach of Augmented Reality: 3.5 billion plus and counting
- > AR experiences deliver higher brand recall and increased purchase intent
- > AR enables and simplifies user generated content like never before
- > No better way to let customers "try before you buy"
- > With AR: Voice + Gestures like blink, open mouth, move your hands, etc. Without AR: Click, tap, swipe
- > Augmented reality and the marketing funnel
- > AR is Immersive: Ability to do more with AR & 3D vs flat UI & 2D
- > Hyper-casual gaming is way more fun in AR
- > It costs less, it's faster to build, and there's a great community to help!

HOW DOES THIS WORK & WHAT NEXT?

- » Each of these ideas/concepts can be customized and built for your brand and based on your requirements.
- » We can come back with more ideas/concepts if you have a specific brief.
- » All AR filters have to be approved by the platform, which takes anywhere between 2-5 days.
- » Our team undertakes all the work from 3D design/modeling, to UI/UX design and tech/development work. We do not outsource anything, all work is done in house.

HOW DOES THIS WORK & WHAT NEXT?

- » Costs/timelines vary based on what idea/concept is picked.
- » We do not have any exclusivity with any brand/agency for any ideas.
- » Please respect the originality of the ideas and we request you not to copy our ideas/concepts.
- » Please visit our **website** to explore other innovative creative tech solutions like Web AR, Interactive Videos, WhatsApp Stickers and Messenger Chatbots.
